Supreme Court Refuses Petition In  
Red River Case Affecting  
Large Strip of Country  
Claimed.

The United States Supreme Court in session Monday denied the petition on behalf of the Eastern Cherokee Indians for leave to intervene in the Red River boundary suits. Petitions filed with the court set up a claim to all of Northern Oklahoma and to the Texas Panhandle to the New Mexico line and to the south bank of Red River as it marks its course through the Panhandle. The application contended for no rights in Red River which is being made the subject of litigation between Texas, Oklahoma and the Federal Government.

Two Legion posts assert that General Pershing belongs to their organization. They are the George Washington post No. 1 at Washington, D. C., and Lincoln (Neb.) post No. 1.
